# P2D6 Functional Prototype II Change Log - ComputersAreHard

## Functional Iteration

**Issue 1**
- **Description:**
  - iteration to include proposed changes from the study, for supporting meaningful play
- **Changes:**
  - We have added a "Functional Iteration" section at the bottom of our google doc, which lists and explains the proposed changes from our D5 user study.
  - We have also edited the rest of the document to discuss the proposed changes
- **New Grade Estimate:**
  - Old: 8/25
  - New: 20/25

**Issue 2**
- **Description:**
  - report of changes in this iteration, with motivations from the study
- **Changes:**
  - We have added a section for this as well at the bottom of our google doc, and this section explains our changes and how we accomplished them.
- **New Grade Estimate:**
  - Old: 5/20
  - New: 18/20

## Overall Estimated Grade:
Old: 66/100
New: 91/100
